WATERWAY TERRACES II (???) **(JPG 651KB)**

8 Waterway Terraces (???), the waterfront project designed by Group8asia and Aedas along the Punggol Waterway, received overwhelming response when it was launched for sale in Jun 2010. HDB is now launching Waterway Terraces II (???II), a project mirroring the design of Waterway Terraces (???) onto the site located on the opposite bank.

9 Waterway Terraces II (???II) is bounded by Punggol Walk, Punggol Way and Sumang Link. It is a premium project with 804 flats, comprising 118 units of 3-room, 440 units of 4-room and 246 units of 5-room flats. The development enjoys a prime location along “My Waterway@Punggol”, and is located close to Punggol MRT/LRT station, bus interchange and the proposed Town Centre. The Tampines Expressway is also a short drive away. In line with HDB’s plans to develop Punggol as an Eco-Town, Waterway Terraces II (???II) has also obtained the Green Mark Platinum Award by incorporating eco-friendly features in its building design.

PRICING OF NEW FLATS AT MONTREAL VILLE, HOUGANG PARKVIEW, ANCHORVALE COVE AND WATERWAY TERRACES II

10 New HDB flats are priced with a generous subsidy below their market values. The market values, as determined by professional valuers, take into account the prices of comparable resale flats in the area, adjusted for factors such as location, flat attributes, design, availability of flats for occupation and prevailing market conditions.

11 In addition, eligible first-timer applicants earning not more than \$5,000 per month can apply for the Additional CPF Housing Grant (AHG) of up to \$40,000. The AHG can be used to offset the initial down-payment.

12 Over and above the AHG, eligible first-timers applicants earning not more than \$2,250 per month can also apply for the Special CPF Housing Grant (SHG) of up to \$20,000 if they are applying to buy a 2-room or 3-room standard flat in Montreal Ville or a 3-room standard flat in Hougang Parkview.

13 This BTO launch offers various types of flats with a wide range of selling prices:

- Buyers with lower budgets can consider the standard flats at Hougang Parkview and Montreal Ville where prices start from \$92,000 for 2-room flats, \$158,000 for 3-room flats, \$248,000 for 4-room flats and \$333,000 for 5-room flats
- Buyers who are prepared to pay more for better location and special designs can apply for the Premium flats in Anchorvale Cove and Waterway Terraces II. The prices of these premium flats start from \$179,000 for 3-room flats, \$286,000 for 4-room flats and \$354,000 for 5-room flats

14 The pricing details and resale comparables for Anchorvale Cove, Hougang Parkview, Montreal Ville and Waterway Terraces II (???II) are in Annexes A and **B**  (PDF 42KB).

15 First-time flat buyers are estimated to use 14% to 30% of their monthly household income to meet their monthly loan payments for flats in the four projects. For example, a 4-room unit priced at \$280,000 in Montreal Ville requires a monthly mortgage instalment of about \$1,009. A family with a household income of \$4,200 will be able to service this mortgage instalment using their CPF contributions and with minimal cash outlay.

UPCOMING SALES LAUNCHES
