

INFORMATION ON BTO FLATS IN FEBRUARY 2022 EXERCISE

Grove Spring @ Yishun and Yishun Boardwalk

Grove Spring @ Yishun, bounded by Yishun Avenue 6 and Yishun Avenue 8, is a short waiting time project with estimated waiting from flat selection date to estimated completion date of less than 36 months. The development's facade resembles groves of trees with the use of earthy colours inspired by a forest theme. Grove Spring @ Yishun takes its name from this design concept.

2 This development comprises eight 15-storey residential blocks. Flat buyers can choose from 987 units of 2-room Flexi, 3-, 4-, and 5-room flats. Flats in this development will have a shorter waiting time. See details in Table A(1)(a) below.

Table A(1)(a): Grove Spring @ Yishun

Project	No. of units					Facilities
	2-room Flexi	3-room	4-room	5-room	Total	
Grove Spring @ Yishun	196	82	373	336	987	• Childcare Centre • Residents' Network (RN) Centre

3 Yishun Boardwalk, bounded by Yishun Avenue 6 and Yishun Avenue 8, is a short waiting time project with estimated waiting from flat selection date to estimated completion date of less than 36 months. The development comprises 8 residential blocks ranging from 10 to 15 storeys in height. Flat buyers can choose from 852 units of 2-room Flexi, 3-, 4-, and 5-room flats. Flats in this development will have a shorter waiting time. See details in Table A(1)(b) below.

Table A(1)(b): Yishun Boardwalk

Project	No. of units					Facilities
	2-room Flexi	3-room	4-room	5-room	Total	
Yishun Boardwalk	182	80	313	277	852	• RN Centre

4 The development is located near Sungei Khatib Bongsu and will be right next to a neighbourhood park that features a biodiverse wetland. Inspired by the nearby nature trails, Yishun Boardwalk features lush walking trails lined with active spaces for residents to explore.

5 The vibrant Yishun town offers a wide array of amenities to cater to residents' various needs. For shopping and dining options, one can head to Northpoint City, Yishun Mall, or Yishun Park Hawker Centre. Discover more heartland shops around Yishun by visiting [Where2Shop@HDB](#).

6 Those who love the outdoors can explore Yishun Park, Yishun Pond, and Lower Seletar Reservoir. Other recreational venues include the Yishun Public Library and Yishun Swimming Complex. Alternatively, residents can choose to learn a new skill or hobby at Nee Soon East Community Club.

7 Parents with school-going children can consider nearby schools such as North View Primary School, Xishan Primary School, Yishun Town Secondary School, and Northland Secondary School.

8 The town is served by the MRT station and bus interchange at Yishun Integrated Transport Hub. Drivers and motorists can easily connect to other parts of Singapore via the Seletar Expressway (SLE).

9 To encourage green and sustainable living, these projects will have several eco-friendly features such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate future provision of electrical vehicle charging stations
- Use of sustainable products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

10 These projects will come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-Enabled Homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage

YISHUN

- MRT Line & Station
- Future Road / Under Construction
- MK MOE Kindergarten
- (u/c) Under Construction

Notes:

1. All proposed developments and facilities as well as their locations shown are indicative only and are subject to change and planning approval. The implementation of such proposed developments and facilities is subject to review from time to time by the relevant authorities.
2. Proposed Civic & Community Institution includes examples such as Community Centre/Club, Association, Home for the Aged, etc.
3. The developments and facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA's prevailing Development Control guidelines. For example, places of worship and funeral parlours may include columbarium, community centres may include childcare centres, and schools may be upgraded or built with higher-rise blocks.
4. In view of the COVID-19 situation, temporary COVID-19 related facilities may be set up near residential areas by the relevant authorities.

The information contained herein is subject to change at any time without notice and cannot form part of an offer or contract. While reasonable care has been taken in providing this information, HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on the said information or as a result of any error or omission therein.

Dakota Crest

11 Dakota Crest is located along Geylang River and the Geylang Park Connector. It is bounded by Old Airport Road, Jalan Enam and Dakota Crescent. This development comprises 3 residential blocks ranging from 17 to 22 storeys. Flat buyers can choose from 443 units of 2-room Flexi, 3-, and 4-room flats. See details in [Table A\(1\)\(c\)](#) below.

Table A(1)(c): Dakota Crest

Project	No. of units				Facilities
	2-room Flexi	3-room	4-room	Total	
Dakota Crest	121	80	242	443	• Childcare Centre • RN Centre

12 Dakota Crest's design is inspired by the blocks previously located at Dakota Crescent, paying homage to the previous estate through use of motifs, colours, and detailing in its facade and facilities.

13 Residents will have a wide range of food and shopping choices at the nearby Kallang Airport Neighbourhood Centre, which offers food stalls selling local delights, as well as a wet market selling fresh produce. Visit [Where2Shop@HDB](#) to find out more about HDB's heartland shops in this area.

14 For the active, there are several recreational and sports amenities within Geylang and the nearby Kallang town. These include the green park connector along Geylang River, Kallang Squash and Tennis Centre, Kallang Netball Centre, and the comprehensive facilities of the Singapore Sports Hub.

15 Parents with school-going children can consider nearby schools such as Kong Hwa School and Broadrick Secondary School. Dakota Crest is located near Mountbatten and Dakota MRT stations, and is a short drive from Nicoll Highway.

16 To encourage green and sustainable living, Dakota Crest will have several eco-friendly features such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate future provision of electrical vehicle charging stations
- Use of sustainable products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

17 Dakota Crest will come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-Enabled Homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage

GEYLANG

 MRT Line & Station
 (u/c) Under Construction

Notes:

1. All proposed developments and facilities as well as their locations shown are indicative only and are subject to change and planning approval. The implementation of such proposed developments and facilities is subject to review from time to time by the relevant authorities.
2. Proposed Civic & Community Institution includes examples such as Community Centre/Club, Association, Home for the Aged, etc.
3. The developments and facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA's prevailing Development Control guidelines. For example, places of worship and funeral parlours may include columbarium, community centres may include childcare centres, and schools may be upgraded or built with higher-rise blocks.
4. In view of the COVID-19 situation, temporary COVID-19 related facilities may be set up near residential areas by the relevant authorities.

King George's Heights

18 King George's Heights is bounded by King George's Avenue, Syed Alwi Road, and Rochor Canal, and located near Lavender MRT station. The development is offered under the new Prime Location Public Housing (PLH) model. Please refer to this [link](#) for more information on the PLH model.

19 The name 'King George's Heights' references the towering height of the residential block. It comprises 1 residential block with 2 wings of 33 and 47 storeys. Flat buyers can choose from 398 units of 3- and 4-room flats. See details in [Table A\(1\)\(d\)](#) below

Table A(1)(d): King George's Heights

Project	No. of units		
	3-room	4-room	Total
King George's Heights	104	294	398

20 Residents can enjoy the convenience of the nearby Berseh Food Centre, Jalan Besar Plaza, and Kitchener Complex, where they can shop for daily necessities or explore more food options at the numerous shops, eateries, and cafes. For more retail therapy, they can head over to City Square Mall or Mustafa Centre. Visit [Where2Shop@HDB](#) to discover more HDB heartland shops in Kallang/Whampoa town.

21 For the active, there are several sports and recreational facilities nearby. One can pick up a new hobby or skill at the Jalan Besar Community Club or head to Jalan Besar Stadium and Swimming Complex for some workouts. Parents can consider Farrer Park Primary School for school-going children.

22 King George's Heights is served by Lavender and Jalan Besar MRT stations, while drivers can access the Central Expressway (CTE) which connects them to other destinations.

23 To encourage green and sustainable living, King George's Heights will have several eco-friendly features such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate future provision of electrical vehicle charging stations
- Use of sustainable products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

Smart Solutions

24 King George's Heights will come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-Enabled Homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage

KALLANG/ WHAMPOA

- MRT Line & Station
- (u/c) Under Construction
- == North-South Corridor (NSC) (u/c)
- MK MOE Kindergarten

Notes:

1. All proposed developments and facilities as well as their locations shown are indicative only and are subject to change and planning approval. The implementation of such proposed developments and facilities is subject to review from time to time by the relevant authorities.
2. The developments and facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA's prevailing Development Control guidelines. For example, places of worship and funeral parlours may include columbarium, community centres may include childcare centres, and schools may be upgraded or built with higher-rise blocks.
3. In view of the COVID-19 situation, temporary COVID-19 related facilities may be set up near residential areas by the relevant authorities.

Parc Flora @ Tengah and Plantation Creek

25 Located in Tengah Park district, Parc Flora @ Tengah will be bounded by Tengah Drive and Tengah Garden Walk. Parc Flora @ Tengah takes its name from the lush greenery within and around the development. The development comprises 4 residential blocks ranging from 12 to 14 storeys in height. Flat buyers can choose from 560 units of 2-Room Flexi, 3-, 4-, and 5-room flats. See details in [Table A\(1\)\(e\)](#) below.

Table A(1)(e): Parc Flora @ Tengah

Project	No. of units					Facilities
	2-room Flexi	3-room	4-room	5-room	Total	
Parc Flora @ Tengah	101	85	193	181	560	• Childcare Centre

26 Plantation Creek, located in Tengah Plantation district, will be bounded by Tengah Garden Avenue and Tengah Boulevard. The name Plantation Creek references the development's location along the waterway leading to the nearby Tengah Pond. Inspired by these water bodies, Plantation Creek adopts water motifs throughout its design, with abstract wave forms on the building façade and wave swirls in the landscape design.

27 The development comprises 6 residential blocks ranging from 15 to 16 storeys. Flat buyers can choose from 713 units of 4- and 5-room flats. See details in [Table A\(1\)\(f\)](#) below.

Table A(1)(f): Plantation Creek

Project	No. of units			Facilities
	4-room	5-room	Total	
Plantation Creek	377	336	713	• Eating house • Supermarket • Shops • Restaurants • Childcare Centre • RN Centre

28 Homes in Tengah town will be surrounded by lush greenery and nature. HDB has applied its Biophilic Town Framework to guide the enhancement of existing natural assets and the design and development of neighbourhood landscapes in Tengah. Residents can look forward to nature-centric neighbourhoods that offer a strong sense of place, better well-being, and an enhanced quality of life.

29 A town-wide Active, Beautiful, and Clean Waters design strategy will be introduced to draw people closer to nature, with a variety of outdoor spaces and landscape features which slow down and treat stormwater runoff. For more details on Tengah town, flat buyers may visit [HDB's exhibition](#).

30 Tengah will be the first town to integrate housing developments with the area's surrounding greenery and biodiversity. One major attraction will be the approximately

100-metre wide and 5km long Forest Corridor, which will form part of the larger network of greenery that connects the Western Water Catchment Area and the Central Catchment Nature Reserve. In collaboration with the National Parks Board, various tree species will be planted in the Forest Corridor to transform it into a rich forest habitat.

31 Complementing the Forest Corridor is the Forest Fringe, a 15- to 20-metre wide linear greenscape that will provide a tranquil and rustic environment for residents to enjoy flora and fauna. In addition, extensive park spaces, such as the Central Park and Community Farmways, will string key amenities and facilities together, providing a safe environment for residents to access their daily amenities.

32 Tengah will be the first HDB town to have a car-free town centre nestled next to a lush green park. To encourage green commuting, there will be dedicated walking and cycling paths along all roads to create seamless connections within the town. The upcoming Jurong Region Line and bus services will serve the public transport needs of residents.

33 Tengah is also the first HDB town to be planned with town-wide smart technologies from the outset. Guided by HDB's Smart Town Framework, the various districts will integrate smart technology in its design, so that residents can enjoy a quality living environment. Autonomous vehicles will be piloted in Tengah town to provide convenient first-mile-last-mile connection to key transport nodes and amenities.

34 Vibrant commercial facilities are planned for the town centre and in the districts, complementing other shopping and dining options in the nearby Bukit Batok town. Check out the heartland shops on [Where2Shop@HDB](#).

35 To encourage green and sustainable living, these projects will have several eco-friendly features such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate future provision of electrical vehicle charging stations
- Use of sustainable products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

36 These projects will also come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-enabled homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage

- Smart Pneumatic Waste Conveyance System to optimise the deployment of resources for cleaner and fuss-free waste disposal

37 Residents can choose to subscribe to have air conditioning provided from a centralised cooling system. This system for public housing is the first of its kind in Singapore.

38 Cooling to each household unit will come from highly energy efficient chillers, and residents need not install nor maintain outdoor condensing units on their air-conditioner ledge. They will get to enjoy cost savings while contributing to a sustainable lifestyle in this eco-friendly district. Residents may decide to subscribe to the centralised cooling system after signing the Agreement for Lease. More information will be provided during the flat selection exercise.

39 For further enquiries, please contact SP Group at tengahcooling@spgroup.com.sg or visit mytengah.sg.

TENGAH

- MRT Line & Station
- MRT Line & Station (u/c)
- LRT Line & Station
- Common Green
- Under Construction/Future Road
- (u/c) Under Construction
- ESS Electrical Substation
- Future Transit Priority Corridor
- MK MOE Kindergarten

Notes:

- All proposed developments and facilities as well as their locations shown are indicative only and are subject to change and planning approval. The implementation of such proposed developments and facilities is subject to review from time to time by the relevant authorities.
- Proposed Place of Worship includes examples such as Church, Mosque, Chinese Temple, Hindu Temple, etc.
- Proposed Civic & Community Institution includes examples such as Community Centre/Club, Association, Home for the Aged, etc.
- Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and Elder-care Facilities, etc.
- The developments and facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA's prevailing Development Control guidelines. For example, places of worship and funeral parlours may include columbarium, community centres may include childcare centres, and schools may be upgraded or built with higher-rise blocks.
- Transit Priority Corridors (TPCs) are corridors that put together a combination of bus priority solutions to enhance bus priority. Features may include existing measures such as bus lanes or new concepts such as bus-only roads.
- In view of the COVID-19 situation, temporary COVID-19 related facilities may be set up near residential areas by the relevant authorities.

The information contained herein is subject to change at any time without notice and cannot form part of an offer or contract. While reasonable care has been taken in providing this information, HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on the said information or as a result of any error or omission therein.

INFORMATION ON BTO FLATS IN FEBRUARY 2022 BTO EXERCISE

Table A(1)(g): February 2022 BTO Flat Supply and Pricing Details

Project	Flat Type	Estimated Floor Area * (sqm)	Estimated Internal Floor Area ^ (sqm)	No. of Units	Indicative Price Range # (Excluding Grants)
Non-Mature Towns					
Parc Flora @ Tengah~	2-room Flexi +	40	38	25	\$132,000 - \$152,000
		49	47	76	\$157,000 - \$182,000
	3-room	71	68	85	\$231,000 - \$273,000

Flat Type	Yishun Boardwalk (Internal Floor Area)	Transacted Prices of Resale Flats
2-room Flexi*	\$95,000 - \$149,000 (38 sqm - 46 sqm)	-
3-room	\$189,000 - \$239,000 (68 sqm)	\$365,000 - \$395,000 (67 sqm)
4-room	\$276,000 - \$374,000 (92 sqm - 95 sqm)	\$445,000 - \$493,888 (92 sqm)
5-room	\$410,000 - \$490,000 (110 sqm - 113 sqm)	\$548,000 - \$645,000 (112 sqm)

Note:

- a) There are no comparable 2-room resale flats nearby. The remaining leases for 3-room to 5-room resale comparables are about 93 years. The differences in attributes between the resale comparables and the BTO flats should be taken into account when making a comparison.
- b) * Singles who apply for a 2-room Flexi flat under the Single Singapore Citizen Scheme will pay \$15,000 more than married couples.

Table A(1)(l): Prices of Dakota Crest and Resale Comparables Nearby

Flat Type	Dakota Crest (Internal Floor Area)	Transacted Prices of Resale Flats
2-room Flexi	\$205,000 - \$315,000 (36 sqm - 46 sqm)	-
3-room	\$352,000 - \$456,000 (66 sqm)	-
4-room	\$522,000 - \$688,000 (90 sqm - 93 sqm)	\$622,000 - \$815,000 (85 sqm - 93 sqm)

Note:

- a) There are no comparable 2-room and 3-room resale flats nearby. The remaining leases for 4-room resale comparables are about 82 years. The differences in attributes between the resale comparables and the new flats should be taken into account when making a comparison.

Table A(1)(m): Prices of King George's Heights and Resale Comparables Nearby

Flat Type	King George's Heights (Internal Floor Area)	Transacted Prices of Resale Flats
3-room	\$353,000 - \$462,000 (63 sqm)	\$515,000 - \$555,000 (62 sqm)
4-room	\$488,000 - \$675,000 (86 sqm)	\$630,000 - \$770,000 (75 sqm - 90 sqm)

Note:

- a) The remaining leases for 3-room and 4-room resale comparables are about 80 to 81 years. The differences in attributes between the resale comparables and the new flats should be taken into account when making a comparison.

OPTIONAL COMPONENT SCHEME (OCS)

a) 2-room Flexi flats

40 The 2-room Flexi flats will be available in Type 1 and Type 2. The Type 2 units come with a flexible space that buyers can use for dining, for entertainment when family members or friends visit, or to accommodate a live-in caregiver if needed.

41 Buyers of the 2-room Flexi flats in Dakota Crest will have the option of flooring (Package 1) and sanitary fittings (Package 2) under the OCS. For Parc Flora @ Tengah, Yishun Boardwalk and Grove Spring @ Yishun which will be built using the Prefabricated Prefinished Volumetric Construction (PPVC) method, the 2-room Flexi flats will come with floor finishes, internal doors and sanitary fittings. Hence, OCS for Package 1 and 2 is not applicable for these projects.

42 Elderly buyers of 2-room Flexi flats on short leases, who wish to have a flat in a move-in condition, can choose an additional Package 3, see [Table A\(2\)](#) for details. Buyers of the Type 2 units with flexible space who opted for the Package 3 will have an additional door to facilitate the use of the flexible space. The cost of the optional components will be added to the selling price of the flat. Grab bars will be automatically provided for short-lease 2-room Flexi flats.

Table A(2): OCS for 2-room Flexi Flats for February 2022 BTO Projects

OCS Package	Short Lease (15 to 45 Years)		99-Year Lease	
	Type 1 36/38 sqm	Type 2 46/47 sqm	Type 1 36/38 sqm	Type 2 46/47 sqm
<u>Package 1</u> • Flooring for Living/ Dining and Bedrooms [#]	\$2,290 (Dakota Crest)	\$2,760 (Dakota Crest)	\$2,290 (Dakota Crest)	\$2,760 (Dakota Crest)
<u>Package 2</u> • Sanitary fittings, i.e. washbasin with tap mixer and shower set with bath/shower mixer	\$530 (Dakota Crest)		\$530 (Dakota Crest)	
<u>Package 3[^]</u> • Lighting • Window grilles • Built-in kitchen cabinets** with induction hob and cooker hood, kitchen sink, tap and dish drying rack • Built-in wardrobe • Water heater • Mirror and toilet roll holder in bathroom	\$6,120 (Dakota Crest) \$6,200 (Parc Flora @ Tengah, Yishun Boardwalk, Grove Spring @ Yishun)	\$7,380 ^{##} (Dakota Crest, Yishun Boardwalk, Grove Spring @ Yishun) \$7,420 ^{##} (Parc Flora @ Tengah)	Not Applicable	

Note:

[#] Buyers of 2-room Flexi flats in Dakota Crest, who opt for Package 1 will be provided with a 3-panel sliding partition, separating the living room and bedroom. Those who do not opt for Package 1 will be provided with a short wall and 2-panel sliding partition separating the living room and bedroom.

Vinyl strip flooring are provided for the 2-room Flexi flats.

^ Buyers of Dakota Crest who opt for Package 3 must opt for Package 1.

* Parc Flora @ Tengah, Yishun Boardwalk and Grove Spring @ Yishun will be built using PPVC method. Due to the additional columns required, the flat size will be slightly larger at 38 sqm (instead of 36 sqm) for the 2-room Type 1 in these projects and 47 sqm (instead of 46 sqm) for the Type 2 in Parc Flora @ Tengah

** Buyers who are wheel-chair bound may choose to have a lower kitchen countertop.

Inclusive of a laminated UPVC folding door/ sliding door for the flexible space.

b) 3-room and larger flats

43 Buyers of new 3-room and larger flats can opt for flooring in the living/dining and bedroom, as well as internal doors and sanitary fittings in bathrooms (i.e. wash basin, water tap and shower mixer). The cost of the optional components (see [Table A\(3\)](#)) will be added to the selling price of the flat.

44 For Parc Flora @ Tengah, Plantation Creek, Yishun Boardwalk and Grove Spring @ Yishun which will be built using the PPVC method, the flats will come with floor finishes, internal doors and sanitary fittings. This will allow flat buyers to move into their flat earlier as less renovation works are required. With these provisions, the OCS will not be applicable to these flats.

Table A(3): OCS for February 2022 BTO Projects

Project	Flat Type	Flooring for Living/Dining and Bedrooms*	Internal Doors^ and Sanitary Fittings
Dakota Crest	3-room	\$3,340	\$2,770
	4-room	\$4,970	\$3,180
King George's Heights	3-room	\$3,190	\$2,770
	4-room	\$4,740	\$3,180

Note:

^ The optional internal doors are:

- i) 3-room flats: 4 internal doors (2 bedroom doors and 2 bathroom doors); and
- ii) 4-room flats: 5 internal doors (3 bedroom doors and 2 bathroom doors).

The above projects are provided with laminated UPVC bedroom doors and laminated UPVC folding bathroom doors.

* Vinyl strip flooring for the bedrooms and polished porcelain tiles for living and dining area (including dry kitchen area, where applicable) are provided for the 3-room and larger flats.
