

INFORMATION ON BUILD-TO-ORDER (BTO) FLATS IN SEPTEMBER 2019 EXERCISE

PUNGGOL POINT COVE and PUNGGOL POINT CROWN

Punggol Point Cove and Punggol Point Crown projects will be located within the Punggol Point district. Punggol Point district is envisioned to be a 'Green Heritage' district that embraces nature and pays tribute to Punggol's history as a fishing village.

2 Located along the eastern shoreline of Punggol Point District, Punggol Point Cove will be sited along New Punggol Road. This development will comprise 6 residential blocks with staggered heights from 8 to 26 storeys, which will make seafront views available to some of the units. Drawing reference from Punggol's humble beginnings as a fishing village, and later as a fishing port, the unique wave-like structure of the residential blocks are inspired by the free-flowing pattern of waves and interwoven fishing nets. See details in [Table A\(1\)\(a\)](#).

It will also have a new heritage walk which will be decorated with displays about the site's history from the 1920s, and design elements such as tiger stripes and animal footprints on the floor.
