

A natural choice to call home

Fernvale Ridge is a Build-To-Order (BTO) project in Sengkang that places you close to modern conveniences and natural loveliness. Only a short walk from Layar and Fernvale LRT stations, it's home to tranquil surrounds and a splendid array of scenic greenery.

This development comprises 4 residential blocks nestled amid landscaped grounds filled with lush foliage. Each block is designed with staggered heights of 22 and 25 storeys to create a visually interesting skyline while clean geometric lines further heighten the development's aesthetic allure.

All things good, in your neighbourhood

Stroll over to the nearby Fernvale Point for your daily meals and grocery shopping. For more variety, head to the other shopping malls in Sengkang such as the bustling Compass Point, Rivervale Mall and Rivervale Plaza. For refreshing sports and recreations, you just need to pop over to Sengkang Riverside Park and Sengkang Sports and Recreation Centre.

As a resident in Fernvale Ridge, you are well-connected via the town's established LRT line. From home, you just need to take a short walk to either Layar or Fernvale LRT Station to start your journey. The LRT line also links to the Sengkang MRT/LRT Station and bus interchange to enable you to travel around Singapore with ease.

Motorists are just minutes from the Tampines Expressway (TPE) and Central Expressway (CTE).

A delightful development

Artist's Impression

Children, adults and the elderly alike have every reason to adore the facilities available within Fernvale Ridge. The central green space holds a jogging path and 3-Generation facilities comprising a children's playground, adult fitness stations and elderly fitness stations. There is also a precinct pavilion and seating areas. Getting about the development is facilitated by sheltered linkways connecting all the blocks with the drop-off porch and multi-storey carpark.

Indicative price range

Fernvale Ridge offers a range of 3-room, 4-room and 5-room Standard flats. The flats are north-south oriented to reduce direct sun-glare. Each unit comes with three-quarter height windows in the living/dining area. Floor finishes are provided in the kitchen, household shelter, service yard and bathrooms. A balcony is provided at the living/dining area of some 5-room flats.

The indicative price range of these Standard flats is tabulated below:

Flat Type	Floor Area Range (sqm)	Internal Floor Area Range (sqm)	No of Units	Indicative Price Range @@
3-Room	67	65	180	\$128,000 - \$171,000
4-Room	92	90	216	\$216,000 - \$271,000
5-Room	112 - 115	110 - 113	126	\$281,000 - \$352,000

Notes:

- (a) Floor area refers to the estimated area of the whole apartment, inclusive of the area of air-conditioner ledge.
- (b) Internal floor area refers to the estimated area of the apartment computed based on the centre line of the apartment wall.
- (c) The indicative prices do not include the cost of optional components. Actual selling prices will vary according to the attributes of the individual units at the time of selection.
- (d) @@ Prices indicated are for Singapore Citizen families. First-timer households comprising a Singapore Citizen and a Singapore Permanent Resident, i.e. SC/SPR households, will have to pay a \$10,000 premium on top of the selling price of the flat.
